DEAR MADS families,

WELCOME TO MADISON AVENUE! If you're new here, I'd love to give you a little information about our studio. If you're a current dancer, we hope we are living up to our values and providing the best experience possible to you and your dancer.

We offer ballet, tap, jazz, pom, hip hop, lyrical, acro and competitive dance classes for dancers ages 2.5 years and up. We strive to provide our students with lifelong skills of grace, discipline and confidence through the art of dance in a modern and professional atmosphere. We do our best to make classes a balance between 'fundamentals' and 'fun', while requiring a level of commitment and independence as dancers learn to develop their skills.

We take pride in impacting the lives of our dancers, their families and the community by offering the very best dance experience in the area. We are proud to provide a variety of opportunities for dancers to be involved in our studio- from weekly classes, 6 week sessions, special events, competitive teams, private lessons and more. We have exceptional instructors, a beautiful, clean facility, and transparent communication with parents. We'd truly love to have you join our MADS family!
